## Project Construction Inspection List

### EDEN WOODS – 20-1-3.3

These are the inspections and regulations that will need to be followed after the Pre-Construction meeting. Missed inspections or absence of paperwork may lead to costly unforeseen site plan changes. Approved site plans are not a guideline they are build plans. Any unapproved deviations in the plans may result in unforeseen construction costs or may need to be reconstructed to the approved design plan.

#### 1. Pre – Construction Meeting - Onsite w/ Town staff & consultants & Project Staff & Consultants.

Date 10/6/16

#### 2. Clearing Inspection –

- a. Licensed surveyor sets clearing limits and centerline stakes at 100 ft. maximum.
