Dear Mr. Smith:

This letter is a reply to your letter dated January 16, 2017 regarding the need for a Use & Occupancy Permit from the New York State Department of Transportation for an 8" waterline under NYS Route 42 in Sullivan County. Since this pipe connects to the Town of Fallsburg municipal water system and the Town is responsible for the maintenance within our Right of Way, no Use & Occupancy Permit is required. ✓

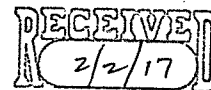

Thank you for contacting our office and if you have any further questions, please feel free to contact me at 607-721-8056.

Very truly yours,

Kelly F. Eaton
