Project Construction Inspection List

MIRON HILLS – 60-1-70.1

These are the inspections and regulations that will need to be followed after the Pre-Construction meeting. Missed inspections or absence of paperwork may lead to costly unforeseen site plan changes. Approved site plans are not a guideline they are build plans. Any unapproved deviations in the plans may result in unforeseen construction costs or may need to be reconstructed to the approved design plan.

1. Pre – Construction Meeting - Onsite w/ Town staff & consultants & Project Staff & Consultants.

Date 7/16/15

2. Clearing Inspection –

- a. Licensed surveyor sets clearing limits and centerline stakes at 100 ft. maximum.
