RE: Laurel Crest  
SBL No. 56-1-3.1 and 39-1-90

Dear Mr. Marshall:

Thank you for your recent submittal of the construction drawings for the above project with the latest revision date of June 27, 2018.

We find the drawings to be substantially complete to be used for construction. We will prepare and submit five copies with our approval stamp to the Town for further processing.

Please note that detailed shop drawings of the meter pit will be required for approval prior to construction.

Thank you for working with us through the review process.

If you have any questions, please do not hesitate to contact our office.

Very truly yours,

Keystone Associates  
Architects, Engineers & Surveyors, LLC
